Review Report

To
The Board of Directors

The Statement is being submitted by the Parent pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations"), which has been initialled by us for identification purposes.

2. This Statement, which is the responsibility of the Parent’s Management and has been approved by the Parent’s Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 “Interim Financial Reporting” ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33 (8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, to the extent applicable.

5. Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the review reports of the other auditors referred to in paragraph 7 below, nothing has come to our attention that causes us to believe that the accompanying Statement has not been prepared in all material respects in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India and has not disclosed the information required to be disclosed in terms of Regulation 33 of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

6. We draw your attention to Note 9 to the Statement, regarding management assessment with respect to inspections of the books of account and records of Policybazaar Insurance Brokers Private Limited (a wholly owned subsidiary of the Parent), carried out by the Insurance Regulatory and Development Authority of India ("IRDAI") to examine compliance with relevant laws and regulations for various financial years and submission of management responses in respect of the inspection reports issued by IRDAI. These interim financial information / financial results have been reviewed by other auditors in accordance with SRE 2400, Engagements to Review Historical Financial Statements and SRE 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity, as applicable, and their reports, vide which they have issued an unmodified conclusion, have been furnished to us by the Management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on the reports of the other auditors and the procedures performed by us as stated in paragraph 3 above. 3. These Consolidated Unaudited Financial Results have been reviewed by the Audit Committee and approved by the Board of Directors of the Company in their meeting held on August 10, 2022.

4. The figures for the quarter ended March 31, 2022 are the balancing figures between the audited figures for the full financial year ended March 31, 2022 and the published unaudited year to date figures for the nine months period ended December 31, 2021.

5. The figures for the quarter ended June 30, 2021 have been extracted from audited Special Purpose Interim Consolidated Financial Statements for the period ended June 30, 2021.

6. During the financial year 2021-22, the Company had completed its initial public offer ("IPO") of 58,262,397 equity shares of face value of ₹2 each at an issue price of Rs. 980 per share, comprising fresh issue of 38,265,306 equity shares and offer for sale of 19,997,091 equity shares. Pursuant to the IPO, the equity shares were listed on National Stock Exchange of India Limited and BSE Limited on November 15, 2021.

   The Company received an amount of ₹ 361,211 lakhs [net off IPO expenses] from proceeds out of fresh issue of equity shares for utilizing for various objects stated in the prospectus. Out of the aforesaid amount, ₹40,850 lakhs were utilized for 'Enhancing visibility and awareness of the brands', ₹618 lakhs were utilized for 'New opportunities to expand growth initiatives to increase the consumer base', ₹4,040 lakhs were utilized for 'Funding strategic investments and acquisitions' and ₹36,681 lakhs were utilized for 'General corporate purposes'. The unutilized amount of ₹279,022 lakhs were invested in fixed deposits and other bank accounts maintained with scheduled commercial banks.

7. The Company has assessed the impact of COVID-19 on its business and financial results, based on the internal and external information available, and concluded that it has no impact on the same.

8. The Company has in its board meeting held on April 26, 2022 approved merger of Makesense Technologies Limited with the Company pursuant to section 230 to 232 of the Companies Act, 2013 read with the Companies (Compromises, arrangements and amalgamations) rules, 2016. The Merger application was filed with National Stock Exchange of India Limited and BSE Limited on May 18, 2022.
9. The Insurance Regulatory and Development Authority of India ("IRDAI") had carried out certain inspections of the books of account and records of the Policybazaar Insurance Brokers Private Limited (the "Wholly owned subsidiary" or "Policybazaar") to examine compliance with relevant laws and regulations for various financial years and issued its reports, requesting for responses to the observations, which was submitted by Policybazaar. Subsequently, the IRDAI also issued a show cause notice in this regard. Policybazaar has reviewed the above matters in the light of IND AS 37 and concluded that at this stage a reliable estimate cannot be made of the possible obligation and the exact impact will be known on the conclusion of the proceedings by the IRDAI. Further, in the assessment of the management, which is supported by legal advice, as applicable, the above matters are not likely to have a significant impact on the continuing operations of Policybazaar as well as this financial information.

10. Policybazaar is an electronic commerce operator ("operator") under the Central Goods and Services Tax Act, 2017 ("CGST Act"). The said Act, requires every operator, not being an agent, to collect a specific amount as tax at source with respect to supplies collected by the operator. In the assessment of Policybazaar, it does not collect insurance premium on behalf of the insurance companies but only facilitates transfer of such premium to the insurance companies without the ability to deduct any amounts paid by the customers. Accordingly, in its view, supported by legal advice, the aforesaid section is not applicable to Policybazaar and no provision has been made in these financial results. Policybazaar has also made representations to the Government authorities including the IRDAI, seeking clarification and exemption from applicability of the above section on insurance intermediaries.

11. Subsequent to the quarter ended June 30, 2022, certain vulnerabilities were identified in a part of Policybazaar's web application platform (Policybazaar.com) and the same were subject to illegal and unauthorised access. The Management has taken necessary steps and has initiated remedial measures including legal, compliance and regulatory filings of the incidence. The Management has also appointed an independent expert to investigate the entire matter. Considering the fact that none of the financial reporting systems of the Company are interfaced with the aforesaid web application, in the assessment of the Management basis preliminary report received from the independent expert, there is no impact on the financial results and continuity of the business operations.

12. During the quarter, PB Fintech has invested ₹ 3658 Lakhs in compulsorily convertible preference shares of MyLoanCare Ventures Private Limited ("Myloancare") to increase its stake to 70.10%, from 24.93%, on a fully diluted basis, thereby acquiring controlling interest in Myloancare w.e.f. June 08, 2022. The accounting for the said transaction has been done on a provisional basis and will be completed in due course as prescribed by the applicable accounting standards.
